

The image features two toy robots constructed from various geometric shapes. The robot on the left is taller and more complex, with a blue cylindrical head, yellow and red cylindrical eyes, a green cylindrical body, and blue cylindrical arms and legs. The robot on the right is shorter and simpler, with a blue dome-shaped head, yellow and red cylindrical eyes, a green cylindrical body, and blue cylindrical arms and legs. Both robots are positioned on a grey base with yellow and red rectangular sections. The background is a plain white surface.

# TOY COMPRISED OF GEOMETRICAL FORMS

GRADE 8 SECOND TERM PROJECT
